Autumn Course Guide 2024/25

RHACC.AC.UK

WELCOME TO RHACC

Welcome to RHACC and our new course guide for the 2024–25 academic year.

We have an exciting range of courses especially designed for adults that are delivered in a welcoming and comfortable learning environment. We aim to have something for everyone and so have a broad range of courses that provide the skills needed at work, in daily life and to maintain wellbeing.

Our vocational courses will help you brush up your professional skills, change career, gain a promotion or possibly return to work after a career gap. As learning is one of the 'five ways to wellbeing', we also offer a wide range of courses that boost confidence through the learning of new skills, meeting new people and creating a sense of achievement.

We understand that paying for a course can be difficult and that recent increases to daily living costs have made it very challenging for some people. This is why we have made sure that many of our courses are available at discounted rates or are completely free to people who are on low incomes.

We hope that you will find what you are looking for in this guide. If you need any help or advice, please do not hesitate to contact us, or come in to see us at our Richmond or Surbiton sites, where we will be delighted to help you choose a course and start a new adventure.

David,
Prepare to Work in
Graphic Design

" I have always been passionate about graphic design, so I started researching colleges and found RHACC. I felt that the 'Prepare for Work – Graphic Design' course offered by RHACC would be perfect for me as it covers the role and application of graphic design, idea research, and project planning. The college has a very supportive and flexible approach, and the teachers, advisors, and the wellbeing team offered me lots of advice and assistance throughout my studies."

Michael,
GCSE Maths

“ I had a lack of confidence in my numeracy skills but RHACC revived that! I joined Level 2 Foundation Maths in Sept 2020 and then progressed to GCSE Maths in 2021. What stands out is the sympathetic teaching which is supportive and always encouraging - very different from my experience in school! I no longer have a fear of Maths but now I understand it and even enjoy it!”

Yasodha,
CELTA

" During the lockdown, I had plenty of time to contemplate my career options. My goal was to teach English to adults, so that they could help their children in school. After conducting thorough research, I concluded that the CELTA course would be the best fit for me. Teaching adult students from diverse backgrounds brings me joy, and I appreciate my colleagues and the college's location. I feel that the college has not only given me an opportunity to learn but has also provided me an opportunity to work and gain valuable experience."

“ I joined RHACC in 2019 to pursue my passion for art and design. With supportive teachers and diverse courses, RHACC has significantly improved my skills in drawing, painting, ceramics, printing, digital design, art history, woodwork, and frame making. RHACC is a unique institution that fosters creativity and provides inspiration. Thanks to RHACC's courses, I set up my own design company, Desen.co.uk. I plan to continue advancing my skills in painting and ceramics, building my portfolio, and exhibiting my work at RHACC.”
