Download your installer for Chrome OS

eduroam®

i

After downloading the file, open the Chrome browser and browse to this URL: <chrome://network>. Then, use the 'Import ONC file' button. The import is silent; the new network definitions will be added to the preferred networks.

Continue

[Choose another installer to download](#)

9. Open *chrome://network* in a new tab in the browser and select *Choose File*.

10. Upload the downloaded .onc file from Download folder.
11. Select the Eduroam Wi-Fi Network from the network list.
12. Add the college credentials and *Connect*.
